4. IGS Head Office Report

5. Future Meetings

- Cardiff 2023
- Birmingham 2024?
- (Oxford, Newcastle, Leeds on the future list)

6. AOB

IGS Head Office report from Magnus

- Please convey my apologies for not attending, but this year has been extremely busy. I'm on my third symposium and one more to go at the end of September. But it is good to see people are very keen to host one. We are now planning for 2026-7 so get your proposals in.
- Membership is still on the low side to my liking so please join or renew your membership.
- Publication is going good, the *Journal* IF is now at 4.278 and the *Annals* was steady at 2.863 but we have to do better to regain the 3+ status.
- The new IGS website is up so please let us know if there is something missing or amiss.
- The amended constitution has now taken effect and you can read more about in the last couple of issues of ICE. It will definitely streamline the IGS governance.
